

# Elite PharmaPRO

The average pharmacy spends hours a day comparing and buying medications.  
**Why not cut it down to minutes?**

## Simplifying Ordering and Compliance for Pharmacies

Designed by practicing pharmacists, **Elite PharmaPRO** can improve your operations by:

- Optimizing ordering from multiple wholesalers with one click.
- Identifying future drug price increases.
- Conducting drug audits.
- Maintaining automated inventory.
- Ensuring DSCSA Track and Trace compliance.
- Providing full analytics and reporting.
- Saving time and money.

Integrated with numerous wholesalers, onboarding is easy and convenient.

For a 90-Day Free Trial**

**Elite 340B** not only ensures clinics are audit-ready, the unique **340B Maximizer** feature identifies prescriptions that could qualify to improve 340B participation.

- Automated analytics and reporting.
- Seamless 340B ordering.
- HRSA audit compatible.
